

A Chinese philosophy used to describe interactions and relationships between things. The five elements — wood, fire, earth, metal, and water — are believed to be the fundamental elements of everything in the universe between which interactions occur -the essence of life.

Focused on the beautiful synergy & balance of this ancient ideology, Taïdo curates an eclectic range of unique cocktails. Woven into each of our artisan cocktails, conceived using natural ingredients and custom-made infusions.

Water

Calm · Refreshing
